Halfway through 2021 and we have decided that we will continue with postal sales for the rest of 2021. Without knowing what is ahead of us it is better to stay safe with postal sales. We will review sales in 2022 when we get more info.

This sale is another bumper sale from the vendors. They have been busy pulling all sorts of things out for you to have a go at. This catalogue has many mixed collections to go through. Including a well filled SG Crown KGVI album. There is a great Disney section in the thematic's which could encourage some younger stamp collectors to get collecting. There is a good run through of sets and singles to suit all collectors. There is a useful run of Germany including all parts and periods and a strong Hong Kong section. There are many useful Switzerland including some Pro Juventute's. The Great Britain section starts with some collections then some interesting Cinderella's, Essay's and proofs. Then onto some Postal History before going into 1d Blacks and some useful Great Britain singles. You will find some interesting varieties in all periods. We have another run of booklets which have proved popular previously.

Have a good look through and if you need any more info then let us know. Get your bids in early so you do not miss out.
