Well did you expect the heat wave? This catalogue was put together while it was 40 degrees heat. It should have cooled down by the time you receive this catalogue. It appears we need to get used to these changes. We will still try and tempt you with material all through the year.

This catalogue has an interesting selection of Album pages and world lots. It also has good range of GVI and early QEII mint, u/m and used. Including a good run of 1948 Silver Weddings. So, if you missed out before you can try again. We have some new First Flights and Postal History as they proved to be of interest in AVH 24. As usual there is a good run of singles and sets A-Z with the odd collection as well. Scandinavia has a good coverage within this catalogue. The GB section has a few surprises, so it is worth looking through. You will find low to high values, singles and sets, Cinderella, Proofs and Essays.

Enjoy going through the catalogue and we hope you find something to bid on.
