I hope this finds everyone looking forward to reading and going through this catalogue. As writing this we might be going into another lock down and some places are in lock down already. I have just dropped off my daughter to her university, only for her to go into lock down in Swansea.

This does give us more time to go through the catalogue. I say thank you to my vendors in pulling many items out of the bag. We have got a good selection of errors and varieties, sets and singles. Items of all values and scarcity. We have got a new section of Postal History for World and Great Britain. You will find a good selection of Australia, Canada, China, Germany, Hong Kong, Italy, Scandinavia, USA and many more. Within the Great Britain you will find an 'Essay and Proof, etc' section. This includes many items that would look good in anybody's collection. You find Prince Consort Essay's, Experimental Essay's and Proofs, also Fiscal's and Telegraphs. Within the run of Great Britain, you will find many line engraved and surface printed mint or fine used, also some blocks and multiples, Inv wmk's, Specimen, Cancelled, throughout the other periods. Within the QEII section you will find the Queen's gold head moving around and many missing colours (incl. 1966 birds) along with some better FDC's.

So don't miss out, get in early and don't leave it to the last minute to get your bids in. The post can be a bit erratic at times. As before we will try to despatch small lots first and larger lots later.

Good Luck with your bids and stay safe, Colin.
