Summer is here! At the time of writing this the sun is shining and the sky is blue. My Bowls season has just started and a chance to get out into the fresh air. Most of us will have to attend the garden or arrange a holiday. It is also a good time to have a look through this catalogue for those items that could add to your stamp collection. The vendors have pulled out a lot of interesting material. I was asked if we offered Train related items. Well, the vendors have pulled out various items from local British railway lines to worldwide collections. It includes letter/newspaper/parcel stamps, covers (with TPO cancels), etc. We still have some world collections for sorting or breaking down for resale. The run of A-Z is full of interesting sets, singles, one country collections. The Great Britain section has once again a useful run of 1840 1d blacks and other line engraved and surface printed. Unfortunately, we only have a small section of Edward VII but a good range of George V and QEII. Many interesting items to add to a collection.

Remember when communicating via email or phone please have your account number (on your bid form or previous invoice) included. Please be aware that we had a few disappointed bidders who sent their bid form in via 2nd class post and missed the auction. You can always email or phone to check we have received your bids and let you know how they are doing prior to the auction closing.

If you have any questions, please contact us via email or phone and we will be happy to answer them if we can.

Happy hunting Colin and Pauline
